JOB DESCRIPTION

JOB TITLE: Wide Format Printing & Finishing Operator

DEPARTMENT: Wide Format

REPORTS TO: Production Manager

DATE AND TERMS: Full-time

DT Print is a dynamic, fast-paced environment that requires skilled production workers who can provide quality products within short time frames. We are looking for an energetic, team player that is excited and eager to work for a growing print company. Our client-driven processes require us to constantly adapt to and learn new technologies.

JOB SUMMARY:

The purpose of this role is to print and finish all wide format work as per the job specifications and to ensure the best quality for our clients. You will be required to work in tandem, along side other wide format operators to operate and maintain all wide format print and finishing equipment and ensure all work is done in an organized and timely manner. There is also the expectation that the operator will work with the sales and customer service reps in order to develop signage and packaging solutions for our clients as needed.

KEY JOB RESPONSIBILITIES:

- Operating wide format flatbed UV printers, Latex roll printers, and digital cutters
- Working with other wide format operator to complete daily/weekly work
- Ensuring customers expectations are met with regard to quality
- Die-line creation, basic prepress and Submission of files to RIP
- Use of RIP to gang-run, tile and impose files
- Use of software and spectrophotometer to baseline and calibrate devices
- Laminating and mounting on wide format laminator
- Cutting and finishing on digital cutters (Zund and Laser Cutter)
- Maintenance and upkeep of all wide format equipment
- Maintain an organized inventory of stock and material
- Ability to troubleshoot files, materials and RIP
- Work with sales and CSR's to develop new products for clients
- Uphold safe working standards at all times
- Maintain a clean and organized work environment

SKILLS/EXPERIENCE REQUIRED:

- Previous experience in digital printing and bindery
- Knowledge of printing and bindery processes
- Prepress file creation and troubleshooting abilities
- Ability to follow standards and procedures
- Experience in use of Adobe Creative Suite software
- Knowledge of Esko Automation Engine
- Knowledge of GMG Print Factory
- Ability to multi-task and meet multiple deadlines
- High school level mathematics

KEY COMPETENCIES:

- Working as a part of a team in a fast-paced environment
- Able to work with minimal supervision
- Self-motivated and organized
- Must be open and adept at learning new equipment and new technologies
- Must be able to maintain flexible work hours and be available for overtime as needed
